About ETi Solid State Lighting Inc.

**ETi Solid State Lighting, Inc. –
A Unique Approach. Extraordinary Results.**

ETi Solid State Lighting, Inc. delivers high performing, high value LED lighting products to commercial, industrial, and residential consumers across the US and Canada.

As a wholly owned subsidiary of Elec-Tech Solid State Lighting (HK) Ltd and NVC International Holdings Limited, ETi Solid State Lighting offers a broad range of LED lighting fixtures, retrofits and replacement lamps.

Our manufacturing capabilities, end-user driven collaborative product development capability, and global management team have established ETi Solid State Lighting as a leading LED lighting brand as well as one of the largest private label manufacturers of LED lighting products to the North America market.

SilentAire Plasma Air Disinfection
12 inch Universal Ceiling Mount System

Our second generation of SilentAire fixtures utilize non-thermal "cold" plasma. SilentAire luminaires use an internal circulation system to push and disperse plasma from our patent-pending plasma generator, filling the space with positive and negative ions that neutralize harmful pathogens, pollutants, and even odors.

Features
- Green light indicator shows disinfection is on and working
- System can hold any standard 3.5/4" J-box compatible ceiling flush or semi-flush mount fixture
- Built in SilentAire Plasma Disinfection technology (Air Treament)
- 99.9% kill rate for airborne viruses and bacteria*
- Two working modes controlled by standard wall switch
- Low fan speed disinfection with lighting on (if fixture is installed)
- High fan speed disinfection with lighting off (if fixture is installed)
- Damp location rated
- Reusable dust filter to clean every 6 months , dependant on use

Model No.: SAFM-UCM-R12-PL-MV-WH
UPC: 559051000
