SlimLED MULTI 6"

The SlimLED MULTI 6" is a 13 watt, round, downlight for 3.5"/4" octagon box installation, or for retrofitting an existing 6" housing. Taking a modern spin on a classic flushmount look, this fixture offers a CCT-selectable switch from below the ceiling with 5 color options including: 27 K, 30 K, 35 K, 40 K, and 50 K. This high-performance SlimLED MULTI is great corridors, insuite units, and more. Plus, it's Wet Location Rated for use in washrooms or outdoor soffits.

Body

Durable airtight aluminum body with twist-and-lock trim that allows for ease and versatility. White trim included, black and brushed nickel trims sold separately.

LED Characteristics

This general application light fixture features a 13 watt LED module that maintains uniform intensity producing up to 1070 lumens; with a typical CRI of 90. CCT select switch 2700 K - 5000 K color temperature.

Dimming

100%-10% dimming capability. This fixture is compatible with industry standard forward/reverse phase dimmers, TRIAC/ELV dimmers. For compatible dimmers, visit www.liteline.com/SlimLEDMulti

Beam Spread

The fixture lens provides 110° beam spread.

Mounting

Can be mounted to an industry standard

Liteline | MOON PUCK

Single Hardwire Wall Wash Puck, 210 Lumens, 3 Watts, 24V

The Moon Puck offers a smooth wall wash effect, with a low profile for recessed or surface mount applications. This fixture is perfect for undercabinet areas such as in a kitchen or millwork applications like a bookshelf to illuminate items on the shelf. Link multiple fixtures together for a faster installation. Plus, a Liteline OnCloud Driver Kit is available for smart lighting controls.

The Moon Puck is constructed with a metal body, bracket ring, and plastic reflector. The diffused frosted lens provides for even light distribution. Link up to 12 pucks per run. This fixture comes with a bracket for surface mounting, and can be removed for recessed mounting.

About Liteline

WE ARE CANADIAN, AND FAMILY OWNED.

Liteline Corporation is Canada's largest independent, family-owned and operated lighting manufacturer in operation since 1979 started by Steve and Helen Silverstein. Headquartered in a 160,000 sq-ft facility in Richmond Hill, Ontario, Liteline specializes in providing industry-leading solutions that light up architectural, commercial, industrial, and residential spaces. The company's growth continues on three core principles; innovative product design, installation efficiency and personal customer service. These principles are distinctly present with our flagship product series' including ALR, Edge, FORUM Linear, Helios, KCLICK, LUNA, Sigma and FORUM Panels and frames - all designed to support the ever-changing needs of lighting Designers, Architects, Engineers, Interior Designers, property developers and our Distributor Partners' project designs.
