About ILP

Since its inception in 2003, ILP has focused its business solely on the manufacturing of energy efficient quality lighting products for both new construction and retrofit, covering a wide variety of commercial, industrial, and outdoor applications.

Headquartered in Sanford, FL, ILP has over 100,000 sq ft of manufacturing, assembly, R&D and customer support to service our growing customer base, which spans the entire U.S., Canada, Central and South America, the Caribbean, and even as far away as American Samoa. These customers include many well-known corporations like Amazon, Apple, AT&T, GM, Proctor & Gamble, 3M, U.S. Gov., Walt Disney World and many more.

With an ongoing commitment to expand and develop, focusing on emerging technologies and innovations, ILP ensures we'll always be "Your number one source for energy efficient lighting!".
