WEPLIGHT

^ COLLECTION

A unique aesthetic and quality product is realized through the eyes of 4 great designers.

The real wood veneer donates warmth through color and texture of nature.

Emilia

WEP Light (Wood Ecological Project) is designed, handcrafted in Argentina and assembled in the USA. A two-sided wood veneer section is fused with a malleable center panel for strength and flexibility to create a work of art in a variety of styles and sizes. A plethora of colors for interior and exterior of the shade are offered. Acoustic WEP lights are offered in multiple shapes and sizes and are NRC rated by a third-party lab for absorption efficiency. The natural recycled wood in many finish options, is

complimented by a natural Argentinian lamb's wool inner shade for superior absorption. Factory assembly for most shades.

Mounting

Bayonet with 108" cord, field adjustable

Optional track mounting options: Global Trac Systems, GEO track, ECO track / HALO® Power Trac track, and Zonyx track.

Emilia 60: 3.81 lbs.

Emilia 75: 5.75 lbs.

Emilia 160: 15.43 lbs.
